

EUROPEAN ASSOCIATION FOR
THE EDUCATION OF ADULTS

CONFINTEA VII

CSO perspectives

Co-funded by the
Erasmus+ Programme
of the European Union

EAEA is the voice of non-formal adult education in Europe with 120 member organisations in 43 countries, representing more than 60 million learners Europe-wide.

ALE has a **key role in implementing the SDGs** and equipping youth and adults to act in processes of transformation („**Learning to change**“)

ALE is implemented by public and private entities as well as CSOs and new **actors** like social movements and digital communities

The needs of the learner should be central, that's why **learner's voice** should be empowered

Some **target groups** should be addressed specifically: migrants/refugees, vulnerable groups, elder learners

ALE should be recognized as a **profession** (training , salary, work conditions)

Holistic concept of ALE
